County Highway 8 Reconstruction Project

July 2013

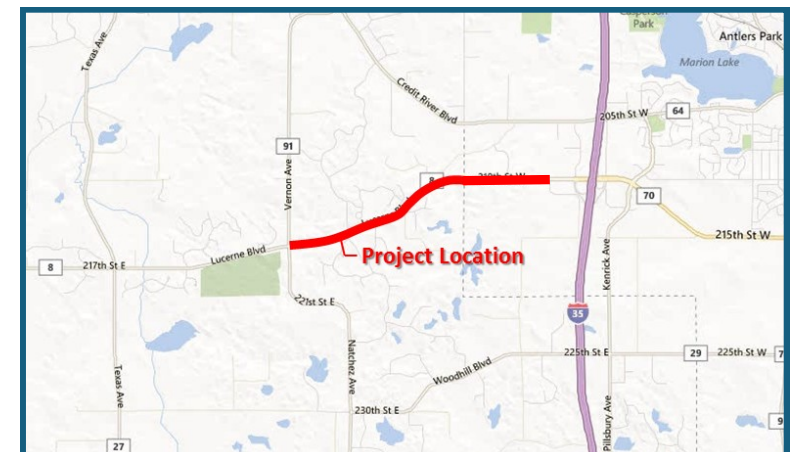

OPEN HOUSE INVITATION

Wednesday, July 24, 2013

4:00–6:00 p.m.

at

Credit River Township Hall
18985 Meadow View Boulevard
Prior Lake, MN 55372

What's Inside?

- Background Information
- Open House Information
- Project Schedule

Background Information

Scott County's Mission is "To advance safe, healthy and livable communities through citizen-focused services." Scott County is the road authority responsible for County Highway (CH) 8.

The main focus of the project is to improve safety and manage access. Between 2007 and 2009, six personal injury and two fatal crashes occurred on this corridor. Safety improvements include modifying access configuration and improving roadway alignment and profile to provide better driver sight distance and reduce conflict points.

Proposed Project:

The CH 8 roadway improvements will start at the CH 91 intersection on the west and go east to the county line. The project will involve reconstructing the roadway, widening shoulders, providing turn lanes, constructing a trail along one side, intersection improvements and access reduction.

Key Considerations Include:

- 1 CH 91: The intersection had 14 crashes between 2003 and 2012. The intersection configuration will be evaluated for turn lanes or a roundabout to improve intersection safety.
- 2 Monterey Ave. / France Blvd.: Intersection improvements such as the addition of turn lanes are being evaluated.
- 3 Lucerne Trail: The current intersection has numerous crashes related to poor sight conditions. The connection to CH 8 could be realigned or relocated to provide a safer intersection.

- 4 Wagon Wheel Trail: The intersection is in close proximity to both Monterey Ave. and France Blvd. which is an access spacing concern. The intersection is being evaluated for access modifications or potentially providing a connection with France Blvd.
- 5 Extend Trail into Dakota County: A trail connection between this project and existing trails near Keokuk Ave. in Lakeville is being evaluated.

Project Schedule

July 24, 2013	Open House
Summer 2013	Preliminary Design and Neighborhood Meetings
Winter 2014	Final Design and Project Memo
Feb. 2014–Feb 2015	Right of Way Acquisition
April–Nov. 2015	Construction

Project Layout

Open House Information

At the open house, you will have the opportunity to provide input on neighborhood accesses and other safety concerns in the corridor. This is an informal open house meeting. No presentation will be made. County Staff and Township Officials will be available to discuss issues and listen to your concerns.
